

NOTICE OF PUBLIC INFORMATION MEETING

Redwood Landfill Revision to Solid Waste Facility Permit

DATE & TIME: Monday, September 15, 2008
6:00 pm to 8:00 pm

LOCATION: Marin Humane Society Auditorium
171 Bel Marin Keys Blvd, Novato

PROJECT: Revision to Solid Waste Facility Permit
Redwood Landfill, Inc.
8950 Redwood Highway, Novato

FACILITY CONTACT: Glen Roycroft at Redwood Landfill, (415) 892-2851

LEA CONTACT: Rebecca Ng, Supervising Environmental Health Specialist
Marin County Environmental Health Services
3501 Civic Center Drive, Room 236, San Rafael, CA 94903
(415) 499-6919, rng@co.marin.ca.us
(415) 507-4120, fax

This meeting is for all interested parties to provide comments on the proposed revision to the Solid Waste Facility Permit for Redwood Landfill. A brief summary of the proposed project will be given. Interested parties can ask questions and provide comments. No decisions will be made at this meeting.

Proposed changes to landfill operations that required a permit revision are:

- The compost permit and the landfill permit will be combined into one permit;
- A decrease in tonnage of green waste and biosolids to be composted. However, food waste will be added as a compost feed stock – from 545 to 170 tons tpd total material;
- Additional tonnage for receipt of material for recovery/recycling – 400 tpd;
- A reduction in the amount of biosolids received – from 1,000 to 230 tpd;
- Increased landfill capacity – 730,000 cubic yards of waste and cover material.

Comments may be submitted directly to Ms. Ng at the above address and email, or by fax. A summary of the comments and the proposed Solid Waste Facility Permit will be forwarded to the California Integrated Waste Management Board for their review and action.
